**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND
PRICES IN NEW SOUTH WALES**

Name: Mr Denis Whitehouse

Date received: 16 October 2017

So you do the right thing and try to look after yourself, then someone puts his hand in your pocket and 75% of your money and you can do nothing about it. I get 6 cents per unit and the electrical company gets a minimum of 24 cents per unit, is this a fair thing? It should surely be in the governments interest to remedy this! If they won't build a base load coal fired electricity unit then support the people trying to cover their inadequacy,s
