**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND
PRICES IN NEW SOUTH WALES**

Name: Mr Rob Peddie
Date received: 16 October 2017

Dear Member MLC NSW

I am writing to let you know that I support a legislated fair price for solar.

NSW needs a legislated, minimum feed in tariff that is fair.
The feed-in tariff should represent the true value of solar, this means recognising the environmental and health benefits and the network benefits of rooftop solar.

It is not economic for me to fit solar to my property as the feed in tariff is too low.

Your support for rooftop solar and renewables, not old polluting sources of power.

thank you for your consideration

R F Peddie
