**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND  
PRICES IN NEW SOUTH WALES**

**Name:** Mr Nigel Sheridan

**Date received:** 16 October 2017

---

During this month of October my rooftop solar has fed into the grid via my provider 338kwh for which I was paid \$43.25. I was supplied 219kwh for which I paid \$63.97 why the discrepancy my electric is renewable and reduces carbon emissions is this not valuable.
