

**Submission  
No 179**

**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND  
PRICES IN NEW SOUTH WALES**

**Name:** Mr Oliver Elphick

**Date received:** 16 October 2017

---

can we pass laws for a fairer price (30cents) for the feed in rooftop solar tariff.  
dropping from 60c to 12c was to savage a drop in one hit but certainly supports  
adding battery storage which should be subsidised if government is serious  
about reducing electricity demand.
