No 187**

**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND  
PRICES IN NEW SOUTH WALES**

**Name:** Mr Alex Popof  
**Date received:** 16 October 2017

---

Such a shame to not see the value and huge promise that renewable energy holds for the future. Getting in early will provide this country with great economic returns as well as a boost to the employment figures. Blindly plodding along the well worn coal route is all this government seems capable of doing. So short sighted and stupid.
