**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND
PRICES IN NEW SOUTH WALES**

Name: Mr Dale Curtus

Date received: 16 October 2017

I support a legislated fair price for solar;
My current retailer is only offering 11c/kwh for solar, yet I am being charged 28c + GST;
NSW needs a legislated, minimum feed in tariff that is fair, at least half the retail price.;

The feed-in tariff should represent the true value of solar, this means recognising the environmental and health benefits and the network benefits of rooftop solar;
I support rooftop solar and renewables, not old polluting sources of power.
