**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND
PRICES IN NEW SOUTH WALES**

Name: Ms Len Martens

Date received: 16 October 2017

I support a legislated fair price for solar energy. Consumers are entitled to receive a fair price to reflect the investment they have made in a renewable and clean energy source. Their investment and commitment should not be used to boost the profits of energy retailers. We have installed solar as we believe it is the best way forward and has environmental benefits for everyone. It's time we received a fair price.
