**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND
PRICES IN NEW SOUTH WALES**

Name: Mr Tom Flood
Date received: 16 October 2017

I support a legislated fair price for solar;
NSW needs a legislated minimum feed-in tariff that is fair;
The feed-in tariff should represent the true value of solar, recognising the
environmental and health benefits and the network benefits of rooftop solar;
Let's support rooftop solar and renewables and local power collectives, not old,
polluting, carbon sources of power.
The big retailers will never be fair when left to their own choices. Legislate now
for a fair feed-in price for solar.
