

INQUIRY INTO WINDSOR BRIDGE REPLACEMENT PROJECT

Organisation: Community Action for Windsor Bridge

Date received: 24 November 2017

Upon receipt of the EIS for the Windsor Bridge Replacement Project the Department of Planning & Infrastructure commissioned three independent experts to peer review selected aspects of the EIS. It is assumed the Inquiry will be provided with copies of those reports. However those three reports are currently available on the CAWB Webpage. They can be found at the bottom of the HOME page, under the Heading, The Reports They Didn't Want you to See. It appears the files are too large to be downloaded to this submission page.
