

**Submission  
No 37**

**INQUIRY INTO WINDSOR BRIDGE REPLACEMENT  
PROJECT**

**Name:** Mrs Debra Wayland

**Date received:** 30 December 2017

---

Windsor Bridge Replacement Project makes no sense. RMS only recently approved the bridge capable of taking B Double trucks which can be up to 80 tonnes.

Shortly later they are saying it must be replaced as it is dangerous.

The replacement bridge will not provide improved trafficflow, something the area desperately needs.

No cogent reason for the need for a new bridge has ever been put forward either by RMS or the councillors who supported it at the time or the politicians who have supported it.

Why have the Roads Minister/s, local member/s, Planning Minister/s, Premier/s never agreed to meet with representatives of organisations opposed to the project?

SAVE AUSTRALIAS HERITAGE - BUILD A BYPASS - and take dangerous traffic away from historic Windsor.
