

**INQUIRY INTO WINDSOR BRIDGE REPLACEMENT
PROJECT**

Name: Ms Faith Robinson

Date received: 21 January 2018

Looking at all the other town major road upgrades in NSW, how many towns have been bisected by the major road? e.g. the Hume Hwy, Pacific Hwy, Princes Hwy, Federal Hwy.

Major road / thoroughfares should go around the town, not through it.

The huge increase in traffic from the RU2 subdivisions happening in Sackville North and South Maroota will make this thoroughfare even more busy over the coming years. It's already congested with enormous lines of traffic morning and afternoon waiting to go THROUGH Windsor.

Please, please build a bypass from Mcgraths Hill towards Wilberforce.
