

INQUIRY INTO WINDSOR BRIDGE REPLACEMENT PROJECT

I am asking that the NSW Government please reconsider the replacement of Windsor Bridge in historic Windsor. I have always believed that the idea of replacing the Windsor Bridge was not the best option for Windsor and it's surrounding suburbs. But now with the unearthing of extremely important colonial infrastructure, I believe that there is no argument anymore.

This historical find MUST be protected. The barrel drains and "smugglers tunnels" are the stuff of legends around the Hawkesbury. I went to the sight to peer through the fencing and had goosebumps at what I saw. This has the potential to become a major tourist attraction if we make sensible decisions now.

Please don't destroy our history for the inconvenience of having to go back to the drawing board with a plan for Windsor.

IT'S NOT TOO LATE.
