Please stop the destruction of Thompson's Square in Windsor nsw. Urgent heritage listing is required in this area to protection of Australia's heritage for ours and and future generations is needed. Windsor needs a bypass to stop 3000+ b-double semitrailer trucks going through Windsor. If our current bridge is retained and a bypass built think of the tourism income this could generate for the local council and the state of nsw. Urgent heritage listing is required not more development.....
