

**INQUIRY INTO WINDSOR BRIDGE REPLACEMENT  
PROJECT**

**Name:** Ms Liz Rowan  
**Date received:** 23 January 2018

---

I am a resident of the Hawkesbury, I think the State Government is wasting money on a replacement bridge, I work in Windsor, which should only take me 25 minutes to drive to, most days, it takes at least an hour, the only solution to the traffic chaos is a by-pass, allowing Windsor bridge to be used for local traffic. Thompson Square is the oldest square in Australia, surrounded by beautiful old homes/pub etc. It is criminal to what the State Government is doing , majority of residents want the traffic problems fixed and leave Thompson Square as it is.
