

**INQUIRY INTO WINDSOR BRIDGE REPLACEMENT
PROJECT**

Name: Name suppressed
Date received: 28 January 2018

Partially
Confidential

My name is _____ and I live in Richmond. I am 13.

Please don't put my name on the internet.

But I want you to stop Mr Perrottet wrecking Thompson square in Windsor because I was born here and I don't want the heritage wrecked.

I love Thompson square and it's our place to go and it's very important because of it's history and a lot of us like to go there and there are a lot of stories about when the convicts were here. I have done lots of projects about Andrew Thompson and Lachlan Macquarie and his wife Elizabeth and learned a lot about how things were done and all the hard work the convicts did. I don't want a big concrete road there and a very steep hill in the park. I have seen the photos of the brick tunnel and it's like some of the things I've seen at the Rocks in Sydney and I don't think it's fair that Mr Perrottet is going to smash them.

When I have kids one day I want to be able to bring them to where I was born and show them the bricks and the square but if this big road and the new bridge are there we won't want to come because there will be too many trucks and the buildings won't be the same because they will have other windows and have to keep their windows shut. Please stop Mr Perrottet doing this. There are so many old things and I like to sit in the square and look at them when I eat my lunch or dinner. There is also an old road near the other bridge that is made out of sand stone and lots of other convict places everywhere in Windsor that will be wrecked if the new road is built. I am making a movie about Thompson square and am going to put it on YouTube when it's finished. I don't think it's right that Mr Perrottet can just smash up convict things.

Thank you.
