

## INQUIRY INTO WINDSOR BRIDGE REPLACEMENT PROJECT

**Name:** Name suppressed

**Date received:** 25 January 2018

---

Partially  
Confidential

Windsor was part of the earliest productive settlements outside of Sydney. Australia does not have many interesting historical sites from early European settlement, and this one should be preserved, and not spoiled by massive through traffic as was for example Bulli. The tourism potential of this charming and historic town has not been properly exploited, but that is no reason to allow it to be destroyed
