

INQUIRY INTO WINDSOR BRIDGE REPLACEMENT PROJECT

Name: Ms Irene Fitzsimmons

Date received: 28 January 2018

Dear Sir/Madam,

I object to the proposal to replace Windsor Bridge for many reasons, one of which is that there is evidence to support that it can and should remain in place.

I support the building of a bypass to ensure the future needs of our community without the thousands of trucks passing right through Windsor town which I witness every day.
