I wish to just say we need the bridge and we need it now . I realise a by pass is not feasible and the cost would be too much . Please recognise that a lot of us for the bridge have been vilified and berated but the small by noisy opposition . Sadly most of their signatures on the petitions omarw visitors to our town and really it has no relevance to them or their lives . Please build our bridge and ignore the proaganda with they have been peddling . Not only that but the lies and name calling is a shame to be seen . I particularly object them calling the workers one the bridge as Scabs . This is uncalled for and shows how liw they will go to get their own way . Thank you for taking the time to read this yours
