INQUIRY INTO WINDSOR BRIDGE REPLACEMENT PROJECT

Name: Name suppressed

Date received: 28 January 2018

Partially
Confidential

I do not want this project to continue as it does not fix the traffic and does not help the road network during flooding.

It also destroys the heritage of the square and ruins the atmosphere of this historic town for no good reason. Other places have had their heritage ruined and suffered badly and it would be a crime to do the same thing to Windsor. We are only just over 200 years old as a country since colonisation and we need to save what remains for future generations to see outside a museum. Once it's gone it's too late to get it back.
