## **INQUIRY INTO WINDSOR BRIDGE REPLACEMENT PROJECT**

**Name:** Mrs Leilani Douglass

**Date received:** 28 January 2018

---

Cease ALL work on Windsor Bridge footprint and groundwork as it is Destroying Archeology from the Historic Macquarie Town my Ancestors helped build. Allowing this work to continue against the public's outcry to Stop said works shows a blatant omission on behalf of the government towards the Will of the People. It is the Peoples right to hold each individual involved in this process of destruction to date, legally responsible for their actions and to be held financially and socially accountable for the outcome of those actions in quantity and quality of kind, in such actions, or of inaction, up to and including the highest level of local, state and commonwealth government and including, all companies and employees involved in said processes weighted upon the impact of said involvement or ignorance and weighted upon the impact of the individual or companies status and stature to alter the course of action having been taken.
