

INQUIRY INTO WINDSOR BRIDGE REPLACEMENT PROJECT

Name: Name suppressed

Date received: 28 January 2018

Partially
Confidential

I have resided in Bowen Mountain the past 6 months, I drive to Richmond Station and catch a train to work, it is a nightmare getting home with the traffic, what should take 20 minutes, on a good day an hour. Replacing a bridge is not going to solve the traffic problem, the only solution is a by-pass.
