**INQUIRY INTO THE MUSIC AND ARTS ECONOMY IN
NEW SOUTH WALES**

Name: Mr Robert Timar

Date received: 23 February 2018

I'm a local musician actively contributing the cultural development of music and therefore my community.

More local venues are able to accommodate live music which provides striving environment for young and upcoming artists. It also greatly contributes to growth of the Australian Music Industry & Music and an International Export of Australia.

There are some changes needed in council level of noise regulations & restrictions to favor our musicians and their cultural development. Local regulations need to provide more space for music in residential and commercial areas alike. Recognition of music, musicianship as an art form, better protection of artists will help the cultural development of communities.
