

INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Name suppressed

Date Received: 27 April 2018

Partially
Confidential

I wish to lodge a protest at the complete disregard shown to the residents of Parramatta on the closure of Parramatta pool. At the very least, if our pool was to be demolished for a stadium (which I don't believe most ratepayers had been consulted on) there surely should have been a firm decision on where a new facility would be built, how was to be funded and with a guaranteed opening date. This State Government needs to realise they have ignored our local voices, failed to consult, rammed through their preferred decisions and treated Parramatta residents extremely poorly. What a shameful attitude shown to all of us in western Sydney.
