INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Mr Michael Ruiz

Date received: 22 May 2018

This is a ridiculous idea and a waste of tax payer money. There has been no community consultation, we just have been told that this is happening with no thought to the community around the stadium. The parks involved and the hundred year old trees are in jeopardy as a result of this 'new stadium'.

I believe that if there's a referendum on tearing down the current stadium and building a new one, the result would be a big NO.
