INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Ms Elizabeth Brister

Date received: 22 May 2018

It is so depressing to have this stadium plan go ahead without giving any consideration to

- a) the costs involved;
- b) the wasted money from neglect of the current stadium, which could have been maintained properly; (who's to blame for that?)
- c) the incorrect location of a new one, if there must be a new one. Put it in the western suburbs, near train lines. Warwick Farm would be a good place. The eastern suburbs are not convenient!
- d) and furthermore, this town needs a quick-smart improvement of public transport. Go to Berlin and see how it can be done.
