The choice of location: why is Government policy focused on creating major sports and entertainment facilities on the edge of a congested city & eastern suburbs with inadequate public transport, when the larger population and demand for such facilities is in Western Sydney?

Misleading proposal: this rebuild is not just about sports – it's about creating a multi-complex entertainment precinct. If that's the case, the locals would probably support what planned. However as we don't know, not been asked - don't trust you we think no.

Rushed planning process: obviously you know you wouldn't get this through at the next election so you through g to rush it through. Everything you've done on this makes me think you are corrupt. Owned by the Sydney cricket trust - and they are the ones who failed to keep the current stadium safe and up to standard. Why do they get more????
