Why is Government policy focused on creating major sports and entertainment facilities on the edge of a congested city & Eastern suburbs with inadequate public transport, when the larger population and demand for such facilities is in Western Sydney?

This rebuild is not just about sports – it's about creating a multi-complex entertainment precinct. Again, why is this not located in the centre of population in Western Sydney, where there is a much greater demand and significantly fewer facilities.

As there are rarely instances in which demand for seating at the SFS exceeds capacity, this project is an appalling waste of tax-payers money!
