INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Mrs Kirsten Garrett

Date received: 22 May 2018

This is to register my opposition to rebuilding the Allianz stadium and in future a high rise next door. I go to the stadium often, and it is fine. This is a landgrab by a privileged few. The need for parking will escalate, and the pressures on the Centennial Park land at Moore Park will increase. This is a crime against publicly owned land. So much secrecy, so little reward for ordinary people in Sydney. By all means improve the Olympic facilities at Homebush, where people in the Western suburbs and easily get there.

Do not further make the city a congestion nightmare.

By all means fix it a bit, but leave it alone. What is wrong with having an older style stadium in the inner city?

You have no mandate to proceed with this. Kirsten Garrett.
