INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Miss Heather Goodman

Date received: 22 May 2018

I would like to express my opinion in regard to the redevelopment of Moore Park.

At present this government is doing its best to destroy this city by reducing green areas and over developing the metro areas. This development would take up too much park area and in my opinion serves no real purpose besides making developers richer.

I would like to have a full disclosure on this project as at present not allowing the public to know what is being addressed and why just builds more distrust for this state government.

As westconnex seems to be making things up as they go along and that along with this government needs to start getting impact assessments done and not done by the people doing the damage.
