INQUIRY INTO SYDNEY STADIUMS STRATEGY

As a user of the Stadium for a verity of events , as an "older female", as a local to the Redfern area I need it be known IN THE STRONGEST POSSIBLE TERMS that I have never struggled to get to the bathroom, I have never found it difficult entering or leaving, I do not find it difficult to wait 5 minutes at a concession stand for drinks or snacks, I have never had to wait longer. My partner is older than me and more frail, he does not find it difficult to enter or leave either. This is a nonsense. This stadium while a little aged... at the most might need refurbishment but a total knock down is ABSOLUTELY UNNECESSARY. You do not have my permission as a NSW resident to do this. You are my representatives, and I say NO!!
