INQUIRY INTO SYDNEY STADIUMS STRATEGY

Spend this money elsewhere for much more worthy causes.

This project stinks of corrupt hounds.

- The Government's failure to engage in any meaningful community consultation
- The Government's unwillingness to release the strategic business case to justify the proposal
- A benefit-cost ratio of less than one – meaning the project will cost far more than it benefits
- Disruption to the surrounding residential (conservation) areas and parklands from demolition, construction and operations, which will not only include sporting events but large music concerts.
- Ongoing loss of trees to facilitate an expanded footprint of the new stadium.
- Increased traffic congestion – the combination of the sporting stadia and the widened road to accommodate the Alexandria to Moore Park Connector from St Peters Interchange to Anzac Parade is a recipe for further gridlock.
- The failure of the Sydney Cricket & Sports Ground Trust to maintain the stadium which has led to the current safety and security problems.
- Ongoing use of the Moore Parklands for spectator parking – all parking should be taken off the grass and be restricted to the new facility, under built-on areas (noting that light rail which will act as a new mode of transport for people coming to the stadium).
- Need to preserve the former Sydney Showground, which is now under threat of commercialisation and appropriation for professional sport, for much-needed community/amateur sports use (both indoor and outdoor).
