INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Ms Emma Cotterill

Date received: 22 May 2018

Dear Council,

I am a local resident living within 3k of the Moore Park Stadium and I strongly oppose it's demolition and rebuild.

I am disgusted that you are spending millions of dollars of public money on a project which has no immediate priority and will only add to the chaos which Sydney is currently experiencing.

My children have to travel miles to school because there is no local high school in Sydney however this stadium has taken precedence over basic schooling infrastructure.

It's a waste of money, disruptive, eating up public land which is essential to inner city living and to date I have seen no monetary business model which supports your plans.

Our tax is paid to support local residents and not huge sporting lobby groups who have a massive income from their commercial sponsorship.

It does not pass the test.

Regards,
Emma Cotterill
