INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Ms Marianne Polkinghorne

Date received: 22 May 2018

Dear Sirs

I request that you reconsider your plans for the redevelopment of the stadium at Moore Park.

This is public land and the public have clearly shown your Government that we do not wish you to be wasting the millions of dollars on this project.

Aside from that, we wish you to invest in health care, public transport, schools, education, hospitals and housing, as is your job as our representatives in government.

This is a massive missuse of funds when the situation is dire in the above areas

Yours sincerely
Marianne Polkinghorne
