## **INQUIRY INTO SYDNEY STADIUMS STRATEGY**

**Name:** Dr Ray Rauscher

**Date received:** 22 May 2018

---

The cost of building one or two stadiums to replace existing stadiums does not meet cost-benefit analyses.

The NSW Government has adopted plans for Greater Sydney 2036 and 2056 without the infrastructure costing being finalized at this stage. Until this is done and placed before the public for comment any rebuilding of stadiums is premature.
