To the Committee,

As a member of the community, I'm writing to oppose the destruction and rebuild of the stadium at Moore Park. A new, larger facility would better serve the community in Western Sydney, where demand is greater and there is a current lack of such a space. The Government has not made its justification for this work: where is the strategic business case? How will the surrounding trees and parklands be conserved?

Please protect our community from this unwarranted development.

Thank you
