## **INQUIRY INTO SYDNEY STADIUMS STRATEGY**

**Name:** Mr Adam France

**Date received:** 23 May 2018

---

This shady proposal is transparent as putting cash in developers pockets. There is simply no justifying it. Wrong location, wrong stadium, wrong proposal, wrong timing, wrong community.

There is no economic logic to this either that quick millions to developers. This project should be put in the heart of an area that needs and will use it. It should be open to community feedback and revisions.

Shame on you Gladys.
