INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Name suppressed

Date Received: 23 May 2018

Partially
Confidential

I do not support this proposal and we the people are appalled by the misplaced priorities and at the shocking waste of public funding and the secrecy surrounding the process.

The Government's failure to engage in any meaningful community consultation.

The Government's unwillingness to release the strategic business case to justify the proposal.

A benefit-cost ratio of less than one – meaning the project will cost far more than it benefits

Disruption to the surrounding residential (conservation) areas and parklands from demolition, construction and operations, which will not only include sporting events but large music concerts.

Ongoing loss of trees to facilitate an expanded footprint of the new stadium.

Increased traffic congestion – the combination of the sporting stadia and the widened road to accommodate the Alexandria to Moore Park Connector from St Peters Interchange to Anzac Parade is a recipe for further gridlock.

The failure of the Sydney Cricket & Sports Ground Trust to maintain the stadium which has led to the current safety and security problems.

Ongoing use of the Moore Parklands for spectator parking – all parking should be taken off the grass and be restricted to the new facility, under built-on areas (noting that light rail which will act as a new mode of transport for people coming to the stadium).

Need to preserve the former Sydney Showground, which is now under threat of commercialisation and appropriation for professional sport, for much-needed community/amateur sports use (both indoor and outdoor).
