I'm am opposed to this proposal as I think it's an extraordinary amount of money to replace a facility that's already there and is adequate.

Also adding more traffic to the area that is ALREADY chocked is inconceivable.

I enjoy Moore Park for my daily walks and don't want to see this to become yet another entertainment area... there is plenty of choice for entertainment close by.

Finally, with the way this proposal has been pushed onto the public there feels like there are hidden agendas and interests that the State Govt are obliged to fulfil.

I am totally against this proposal and as Liberal voter I am most unhappy with it and to me this is a deal breaker for who I vote for in the next election
