INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Mrs Marie Riordan

Date received: 24 May 2018

When 75% of the NSW population doesn't want the government to spend billions of tax payers dollars on the stadiums WHY are they pushing ahead with their idiotic plans!!!!

The government obviously doesn't care about certain electoral defeat in March so one has to assume that something more powerful is in play WHAT???

We need an enquiry to uncover the facts.....one suspects corruption !!

The money should go on schools, hospitals, kids & women services!
