INQUIRY INTO SYDNEY STADIUMS STRATEGY

I am writing to oppose the Government's proposal to demolish the Moore Park stadium and rebuild a new, larger one. The Government has released no business case to justify this decision, and are actively rushing through the process. It appears clear that the government has made up its mind and does not want to hear or discuss the proposal in an open, transparent, accurate way. The government does not have the right to misuse so much money in this way, and to shut down discussion of the proposal. The stadium is rarely full now - there is absolutely no call to rebuild a larger stadium, when the need for such facilities are in Western Sydney, or in regional and remote areas. What they could do with this money!

I hope you consider the community's concerns over this rushed and unsubstantiated proposal and reject it.

Thank you
Margaret
