INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Ms C.Moore HARDY

Date Received: 24 May 2018

I strongly oppose further development of the Moore Park Sports Facilities

The choice of location: why is the Government creating a major sports and entertainment facility on the edge of a congested city & eastern suburbs with inadequate public transport, when the larger population and demand for such facilities is in Western Sydney This rebuild is not just about sports – it's about creating a multi-complex entertainment precinct.

Again, why is this not located in the centre of population in Western Sydney, where there is a much greater demand and significantly fewer facilities? Infrastructure NSW has given a timeframe of six months to assess the project. This is an unusually fast determination for a project of this size and complexity. The Government appears to be fast tracking an approval so demolition of the current stadium can occur before the next election. WHY RUSH?

Please reconsider the pollution & congestion already in this area.

Why can't the Western Sydney region gain better facilities where the population are crying out for it???
