## **INQUIRY INTO SYDNEY STADIUMS STRATEGY**

**Name:** Mrs Sophia Wilson

**Date received:** 25 May 2018

---

I am appalled at this decision to demolish the stadium.

It is only 30 years old it is in disrepair because it was not maintained there must have been a maintenance clause under the lease.

It is never full during matches,

It will cause major disruption to the heritage area and to the lives of the residents.

The government can't finish the light rail on time, so why start yet another project?

It will be yet another onslaught on the trees in the area.

It threatens the fragile area of Moore Park

The government is being profligate with our money.

We thoroughly dispute the reasoning behind this project.

The Europeans still use stadiums built by the Greeks and Romans, have we gone mad!!

Timothy and Sophia Wilson
