INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: K Maxwell
Date received: 24 May 2018

The demolition of Parramatta Pool for the development of a mega Stadium on the Pirtek site was appalling. Regardless of a new pool being built elsewhere, this pool was historic, used by schools and the public, and not expensive for patrons. Parramatta residents lost the Pool and the fabulous Putt Putt in the same year. In exchange, more development. New is not always better or more valuable. It's about time we put social value on these sites but then I'd be dreaming...!

There was no reason why the Parramatta pool and the new stadium couldn't have co-existed. The government didn't listen nor cared what the community wanted. Our family currently has no nearby access to an outdoor pool.

Thanks
K Maxwell
