INQUIRY INTO SYDNEY STADIUMS STRATEGY

Name: Ms Helen Kvelde

Date Received: 25 May 2018

I am writing this submission to state my view that we do not need another sports stadium. We can use the one we have. It does not make sense to destroy it and build another one especially when there are so many other things which should be given priority such as education and other forms of entertainment such as the arts- music dance etc. Sport should not be treated as the most important activity/entertainment when there are so many other things people spend their time on.
