**INQUIRY INTO PROVISIONS OF THE FORESTRY
LEGISLATION AMENDMENT BILL 2018**

Name: Ms Annie Crowley

Date Received: 29 May 2018

My objection to this Forestry Legislation Amendment Bill 2018 is strong and heartfelt.

Why on earth would any reasonable person or government ever consider bring in such backward thinking legislation.

The impact on our country, our wildlife and in turn our community would be severe. Personally I have planted many hundreds of trees trying to do my bit for our native animals and our environment. Now this proposed Legislation goes against anything that I have done, indeed, anything that is sensible.

You as our representative should be proposing bills that work towards addressing climate change and keeping our native wildlife protected.

I am very distressed that this legislation is even considered.

To be clear, I DO NOT SUPPORT THIS LEGISLATION.
