LEGISLATION AMENDMENT BILL 2018**

I do not support this legislation and It can not be passed, I live in a rural area and I have already noticed so much clearing around and have noticed a decline in numbers of wildlife seen in my area . Just think about your children and their children and how disappointed they will be with you if this gets passed and we loose our beautiful wildlife and their habitat in our area, this is what makes our area so special and it's so close to being destroyed. To show no regard to our environment, the future of our country and young people is a disgrace. Think very carefully what your actions may cause.
