Please refer to the 3 files attached for all relevant information. My issues in short: The compacting work at Olivia Gardens in Surry Hills caused damage to my house. Acciona - after verbally during a site visit acknowledging that the damage was indeed caused by the vibrations due to the compacting work - are disputing any responsibility. The attached email, letter and photos tell the whole story. Please contact me (preferably via email as I will be overseas for the next few weeks) if you have any questions. Regards
