

**INQUIRY INTO IMPACT OF THE CBD AND SOUTH EAST
LIGHT RAIL PROJECT**

As a small business operator along Anzac pde , Kensington , we fought hard to bring the light rail project to a stop but our views and opinions , together with the local residents , were totally ignored . Initially , I was convinced that the light rail project would an incredibly efficient asset to our already efficient bus service because NSW transport sold us a lie . Thanks to many locals , I was informed of the negative impact , loss of parking and how inefficient the light rail project would be . As a resident and business owner and a proud Australian , it saddens me that our elected state representatives chose to ignore the thousands of voices , signatures and still went ahead with the project . They played us all as fools .
