LIGHT RAIL PROJECT**

Dear NSW Parliamentary Public Accountability Committee. I live near the route of the light rail being constructed in Surry Hills. It is causing great inconvenience, none of which would matter so much if it were going to benefit Surry Hills. However the lack of any proposed stop on the eastern side of Crown St means that it will no of advantage to those of us in this situation. Moreover it is most likely to divide Surry Hills in two, with traffic separating the areas north and south of Devonshire St. It is and has been from the beginning, a project to assist others outside Surry Hills - the EQ, sports grounds, the racecourse, and UNSW. Nothing has been proposed that makes it of any benefit to our neighbourhood.
