**INQUIRY INTO IMPLEMENTATION OF THE NATIONAL
DISABILITY INSURANCE SCHEME AND THE PROVISION
OF DISABILITY SERVICES IN NEW SOUTH WALES**

The NDIS is full of promise for a better future. Our experience is that it is definately better for our 2 disabled sons and for us the parents. However there has been an understandably awkward interface with the online portal and a lot of the NGOs are greedy and incompetent. But we as a family are experiencing a much calmer life becuase our disabled sons are getting the right input from professional people via their NDIS plans. We would hate to return to the old days of being at the mercy of malicious agencies and look forward to the NDIS progressing into an amazing benefit for our boys in the future.
